**Experience**

**Microsoft | UX Design Intern**

Worked closely with the DICE team on Project Sangam to create a platform for training and employing minimally educated people in retail sector. I explored the scope through ethnography study and user interviews and found opportunity areas.

Based on the insights, I proposed and tested concepts, crafted UX flows, designed wireframes, interfaces and created prototypes.

July 2018 - Present

**Education**

**National Institute of Design | M.Des**

Design for Retail Experience, 2016 - 2018

**Mount Zion College of Engineering | B.Tech**

Aeronautical Engineering, 2011 - 2015

**Tools**

**Graphics.**

Illustrator, Photoshop

**Interface.**

Sketch, Adobe XD, Principle

**Modelling.**

SketchUp, KeyShot

**Video.**

Premiere Pro, After Effects, Final Cut Pro

**Skills**

Research, Interaction Design, Visual Design

Motion Graphics, Photography, Film Making
